**CHILD IN THE CITY 2012**

The 6th edition of Child in the City conference will take place in Zagreb on 28th September 2012. Child in the City is the leading international conference and trade show on child friendly cities at this international conference. It is a joint project of the Child in the City Foundation and the International Play association and the European Network Child Friendly Cities (ENCF). Both organisations are at the forefront of encouraging cities becoming more child friendly.

The 6th edition of Child in the City conference aims to foster the sharing of new solutions implementing the UN Convention on Rights of the Child, abuse of children, health and intergenerational development as well as open and easy to play areas in cities of the conference.

**The main objectives are:**

- To provide a space for innovation, sharing and demonstration of projects or children’s experiences and child well-being.
- To explore recent research and initiatives on issues related to child well-being.
- To strengthen networking opportunities for exchange of good practices and technical support.
